

Spray dispenser 250 ml

Product sheet

Whether you work in the food industry or care sector, optimal hand hygiene is a top priority. Using the SanTRAL spray dispenser, filled with alcohol, will intensely disinfect your hands and prevent the transfer of unwanted germs.

There is no better way to disinfect as alcohol cleans the hands deep into the pores. Which is an absolute necessity when working in an environment where optimal hand hygiene is a primary requirement. The SanTRAL spray dispenser contains 250 ml of (hand) alcohol which ensures you that there is always sufficient disinfectant at hand. As soon as you press the lever at the bottom of the dispenser, it will automatically spray the alcohol onto your hands. In addition it has a short drying time, allowing you to get back to work...
