

Action Super Plus 1600 Black

Product sheet

There is no disputing about the quality of the hair dryers from Valera-line. The Swiss brand does not fail in terms of quality and usability. Reason enough for hotel owners to choose the Valera-hairdryer again and again. This hairdryer has all the characteristics of the Valera-design. Of course, the hair dryer is provided with a special anti-slip design. The hairdryer is adjustable to different settings two settings which determine the air velocity, and three settings for the air temperature. This allows you to precisely adjust the hairdryer as desired. Are you convinced of the added value of Swiss excellence? Ask here for the quote.
