

Premium 1200

Product sheet

The hair dryers of the Valera-line are incredibly popular among hotel architects. The special mix of elegance and ease of use makes the hair dryers an ideal accessory in any hotel bathroom. If you go for maximum drying performance and minimal environmental impact, this Valera hairdryer is a clever choice. The dryer is provided with only one temperature setting, so that the energy consumption is always minimal. Because of the inventive technical system the hair dryer does not lose drying capacity. A hair dryer which is both elegant and user-friendly? Ask her for the quotation of the Valera wall hair dryer.
