

# Waste bin 20 litre stainless steel

Product sheet

As an entrepreneur you want to do everythingt possible to pamper your guests. Therefore, you make sure there is a clean and tidy washroom. Without waste lying around or dirty tissues. The stylish stainless steel Dutch Bins waste bin guarantees a clean and tidy bathroom.

The stainless steel Dutch Bins waste bins have one thing in common they can stand rough handling. The stainless steel exterior of the bin has a handy anti-finger coating, making the waste container always look hygienic. The easy to operate stainless steel push lid keeps waste away from the eye of your guests in asuble way so that your washroom always retains the hygienic appearance desired.

Would you like to be introduced to a typically example of storing in a stylsih way? Ask now the quote.
