

Waste bin 23 litre open plastic

Product sheet

When designing washrooms ease of use is paramount. That is: convenience for the guest and for the facilities department. This PlastiQline waste bin is, in that respect, a good choice.

The white plastic bin is very practical. Throwing in waste through the opening of the half open bin is simple. At the same time, you can easily change the waste bag: a matter of lifting the lid of the bin.

Looking for a solid and affordable plastic bin with a capacity of 23 litres? Ask for a quote for this PlastiQline bin.
