

# Wire bin 18 litre white

If you often deal with waste, it is useful if you have a waste basket that catches the eye. The contemporary design of the white MediQo-line waste basket is, indeed, an eye-catcher in any washroom.

The waste basket can simply be mounted via the four integrated mounting points. Because of wired steel construction it is easy to check the contents. A confrontation with an overflowing basket is, therefore, out of the question. The bin provides enough space for a small quantity of daily waste.

Are you looking for a basket with style? Now ask the quote for the waste basket white 18 liter, MQ-P18.
